MEMO INTRODUCES WALK-IN BILL PAYMENTS

CAMP HILL, PENNSYLVANIA — Merchants Express Money Order Company, Inc. (MEMO) recently introduced the convenience of walk-in bill payments. MEMO Bill Payments allows customers to pay a wide variety of bills at their local retail outlet.

Bills, including cable, electric, gas, water, telephone, credit cards and car payments, can be paid at a MEMO Bill Payments location to avoid late fees, negative credit reports and/or service charges. Most bill payments post in two to three days.

“We are pleased to offer this convenient service to our agents and their customers,” said Hans Leyer, MEMO vice president of sales and marketing. “This new service brings customers into our agent locations and increases their financial service offering, while it gives consumers a convenient location to pay their bills quickly.”

Customers simply present their bills for payment at a MEMO Bill Payments location. Bills presented are immediately entered into the MEMO Bill Payments system for account verification. After the payment is made, a customer receipt is automatically generated for the consumer’s records. Depending upon the company, some bill payments post immediately.

For more information, call MEMO at 800-922-8079 and ask for the sales department or email us at sales@memoco.com.

About MEMO
